

옹기 onggi

Korean soul taste

Onggii is named after the traditional Korean fermented jar, used for storing kimchi, radish, and other fermented foods. Just like this jar, we keep the essence of Korean traditions alive, creating dishes that offer comfort, health, and authenticity.

Our specialty is **Gomtang (곰탕)**, a 28-hour boiled beef bone broth known for its rich, hearty flavour and nourishing benefits.

It's perfect for families, with a clean, wholesome taste that both kids and adults will enjoy—just like a home-cooked meal.

At **Onggii**, we are proud to be the first to bring these traditional Korean flavours to Singapore. Our dishes reflect the balance of flavour and nutrition that Korean families value. From our homemade radish kimchi to our carefully prepared broths, we are committed to creating food that is both healthy and delicious.

Like the **Onggii** jar, which keeps food fresh and full of flavour throughout the seasons, we invite you to experience the warmth of Korea with every meal. Whether you're dining with family or introducing your kids to Korean comfort food, **Onggii** makes every meal a special moment.
